# *Registered Nurse Program*

*Nursing is a work of Heart!*

Nursing is one of the most crucial and in-demand careers in our nation.

The Amarillo College - Moore County Campus RN program helps area students achieve their goals of becoming Registered Nurses without the stress of having to travel out of the county. It also provides new nurses the opportunity to develop their healthcare careers at organizations in their own community while remaining close to family and friends.

The Spring Scholarship Luncheon supports these students by raising money for scholarships to help pay for their education.

Please consider helping us grow our future healthcare providers by sponsoring our 2019 event! We thank you for your support!
